

# Survival worse for nonwhite children with Hodgkin lymphoma

December 12 2019

---

(HealthDay)—Among children with Hodgkin lymphoma (HL) enrolled

in phase III trials, nonwhite patients have an increased risk for death, according to a study published in the Nov. 10 issue of the *Journal of Clinical Oncology*.

Justine M. Kahn, M.D., from the Columbia University Irving Medical Center in New York City, and colleagues used individual-level data from 1,605 patients (
