

Experimental study proposes therapy to correct memory deficit caused by fetal alcohol spectrum disorders

September 27 2023

Alcohol consumption by dams during gestation and lactation. **A** Schematic representation of the DID test. **B** Volumes (ml) of water or alcohol solution consumed by dams during the DID test ($N = 24$ dams for water; $N = 23$ dams for alcohol). **C** Alcohol intake (g of alcohol per kg of body weight) in the six sessions of binge-like drinking. **D** Pearson's correlation ($r = 0.6476$, p
